How to Buy Crypto on AscendEX (APP)

HOW TO START CASH TRADING ON ASCENDEX (APP)?

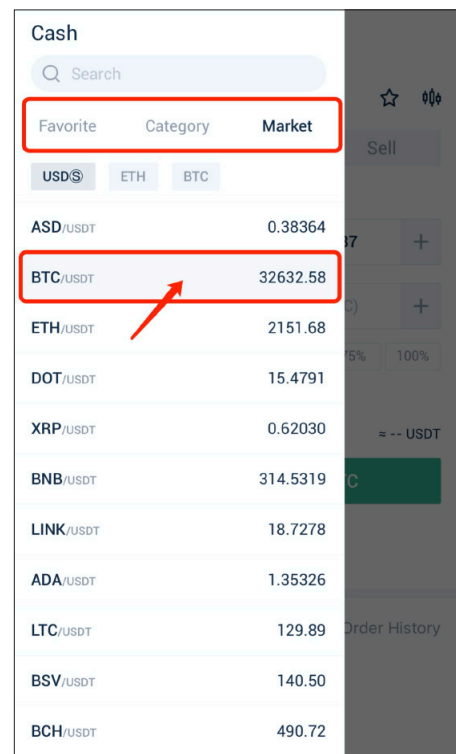

1. Open the AscendEX App, visit Homepage and click on [Trade].

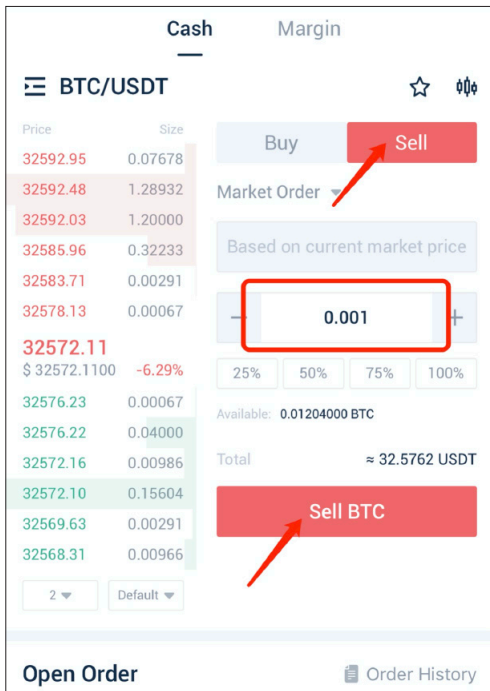

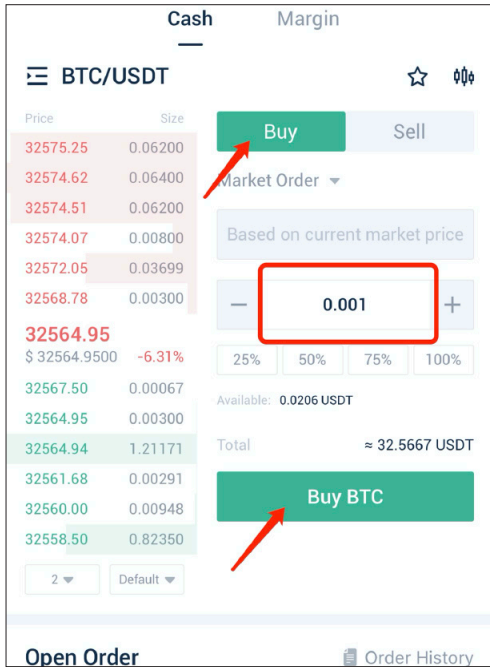

2. Click on [Cash] to visit the cash trading page.

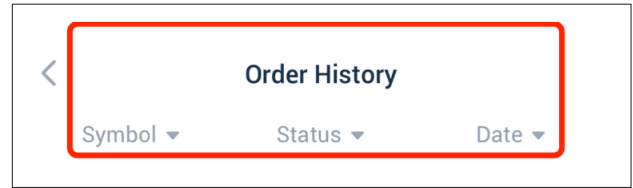

3. Search and select a trading pair, select an order type and then place a buy or sell order.

4. If you want to place a market order to buy BTC:
- A. Select [Market Order], and enter an order size.
 - B. Click on [Buy BTC] and the order will be filled immediately at the best available price on the market

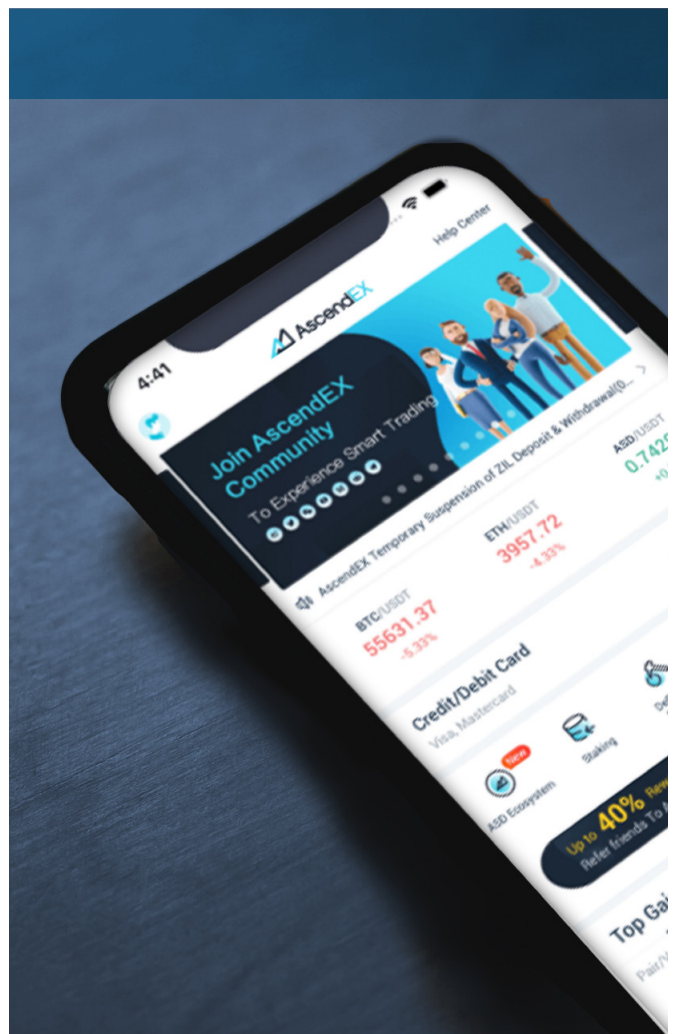

5. Order details can be viewed at the bottom of the trading page.

Note:

When the order is filled and you are worried that the market might move against your trade, you can always set a stop loss order to limit potential losses. For further details, please refer to [How to Stop Loss in Cash Trading \[App\]](#).
